## Practical messages World Championship in Obedience 2022

Please note that the facilities have not been rented on Tuesday 21<sup>st</sup>, so no training in the arenas. All dogs must be walked on a leash on the premises. The forest close to Vilhelmsborg is public and you are welcome to walk your dogs there. Please show consideration for the horses and do not enter the stables.

### The competition:

The competition will be held indoors in a riding arena on fiber sand (see #2 on map). Seating is available for everyone in the main arena. Quiet dogs are welcome in the main arena. It is possible to have crates behind the seating area, but it is not allowed for the nations to move camps into the main arena. All dogs must be fully vaccinated, and documentation must be shown on request. Every competitor must bring three (3) dumbbells of equal size.

### Nation camps:

Nations camps are located in #3 on the map. This building is closed for the public, so only competitors, team leaders and officials may enter. Plenty of space to have crates for the dogs.
