Dansk eksteriørchampionat - generelle betingelser

En hund kan blive dansk eksteriørchampion på 2 måder afhængig af, i hvilket land hunden er ejet og registreret:

Certifikater (CAC'er):

- a. Hunde ejet og registreret i **alle lande** kan blive dansk eksteriørchampion ved at have opnået 3 danske certifikater (CAC'er) under 3 forskellige dommere. Det sidste certifikat skal være opnået, efter at hunden er fyldt 24 måneder.
- b. Hunde ejet og registreret i et FCI-ankendt land kan blive dansk eksteriørchampion, hvis den efter den 1. januar 2008 opnår 1 dansk certifikat (CAC) og har opnået nationalt eksteriørchampionat i et **FCI-medlemsland**. Her gælder, at det danske certifikat ikke behøver at være opnået efter 24-måneders alderen, hvis det udenlandske nationale championat, der udløser det danske championat, er opnået efter at hunden er fyldt 24 måneder.

Yderligere krav:

Derudover er der for nogle racers vedkommende prøvekrav, HD-krav eller andre krav for opnåelse af dansk eksteriørchampionat. Disse krav skal naturligvis i **begge ovennævnte tilfælde** være opfyldt, for at hunden kan blive dansk eksteriørchampion. Det fremgår af **DKK's udstillingsregler**, hvilke prøvekrav m.v. der er gældende for en race for at blive dansk eksteriørchampion. Danskejede hunde skal opfylde disse krav. Udenlandsk ejede hunde skal opfylde krav, der af racens specialklub kan sidestilles med de danske krav.

Kontakt venligst informationsstandene på DKK's internationale udstillinger eller Dansk Kennel Klubs informationsafdeling for yderligere oplysninger om enkeltracer.

Registrering og bekræftelse:

Indsend venligst dette skema til DKK's præmieringsafdeling sammen med evt. kopi af bevis for bestået prøve samt, i tilfælde b., en kopi af hundens stamtavle og dokumentation for, at hunden allerede er national champion. Denne dokumentation skal indeholde dato for sidst opnåede certifikat.

Hvis du ønsker et diplom for dansk eller nordisk eksteriørchampionat, skal du huske forudbetaling (DKK 113,00). Er din hund blevet Nordisk Champion, beder vi dig venligst indsende kopi af bekræftelse på championat i minimum 2 andre nordiske lande udover Danmark.

Danish beauty championship - general conditions

There are 2 ways of obtaining the Danish Beauty Champion title - depending on the dog's country of registration (i.e. the owner's country of residence):

Certificates (CACs):

- a. Dogs owned and registered in **all countries** can become a Danish beauty champion by obtaining 3 certificates (3 CACs) under 3 different judges. The last CAC must be obtained after the dog has attained the age of 24 months.
- b. Dogs owned and registered in a country where the kennel club is recognised by the FCI can moreover become a Danish beauty champion by obtaining 1 certificate (CAC) after 1 January 2008, if the dog has obtained a national beauty champion title **in an FCI member country**. In this case the Danish CAC does not have to be obtained after the dog has attained the age of 24 months, if the foreign national championship releasing the Danish championship has been obtained after the dog has attained the age of 24 months.

Further requirements:

For some breeds, a working trial, a certain hip dysplasia level or the like is required in order to become a Danish beauty champion. These further requirements must of course **in both of the above cases** be fulfilled in order for the dog to become a Danish beauty champion. The requirements that must be met in order to become a Danish Beauty Champion appear from the **DKK show regulations**. Danish owned dogs must meet the requirements mentioned in the show regulations. Foreign owned dogs must meet requirements that are comparable with the Danish requirements.

For specific breed information e.g. regarding trials or other demands, please consult the DKK information stands at our international shows or contact the information department at the Dansk Kennel Klub.

Registration and confirmation:

When your dog has become a Danish Beauty Champion, please fill in this form and send it to the awards department of the DKK. If necessary, please enclose some documentation that the dog has obtained the required trial as well as, in case b., some documentation that the dog is already a national champion.

If you would like to order a Danish or Nordic Beauty Champion diploma, please pay DKK 113.00.

If your dog has also become a Nordic Beauty Champion, we please ask you to send us copies of confirmation of national championship in 2 other Nordic countries (apart from Denmark).
